

Planters Bunch Meeting 3/6/2021
Minutes

Tim Goggans called the meeting to order at 11:05AM. 38 people had signed in and were in attendance.

Marie Robb spoke at length about the hard freeze Texas suffered, and how she felt like the west end suffered more due to the presumption that most of these homes are 2nd homes, so Centerpoint just shut off power and did not roll it like they did with much of their service area. Discussed the low water pressure issue and how groups of homeowners in the various subdivisions gathered to turn off water to homes with busted pipes so as to build pressure in the system.

Marie took questions at the end. Marie gave us her private cell phone, 409-256-4518 and said feel free to share it.

We played two games of standup bingo, and the winners won a crab wall hanging, and a beach towel..

The minutes of the previous meeting were approved without discussion.
